PREFACE

The largest compilation of data anywhere on this Rodman, Selby, Stovall line is found in the following chart.

This genealogy study began in October 1961 when John H. Watts of Grand Junction, Iowa, sent a chart headed by our ancestor, William Edward Head (9) to Mrs. Dow W. Tate (430., now Mrs. Elmer Smith). Later, Mr. Watts revised his list to include the Bigger Heads I, II and III. Bigger Head I precedes our ancestors on the chart, and, as indicated, Bigger Head II (3) is Mr. Watts and our mutual great-great-great-great-grandfather. Mary W. Rodman's (42) name was missing on Mr. Watts' chart. With the cooperation of many members whose names, with their families, appear on the enclosed chart, four hundred and sixty three direct descendants of Mary W. Rodman (42) are listed.

Early data from Bible records include the family Bible of Parthena Sidna Selby (101), and data furnished by Elmer Smith (394) from Bible records of Richard Stovall (237) and Eldridge L. Stovall (238).

This work is presented with pleasure by Laura Rachel Stovall (430) and Jennie Chapman Stovall (445), great-great-great-great granddaughters of Bigger Head II (3).
